tablet would cost in the neighborhood of \$60.00 Mr. Stone reported - he could get a brass tablet for \$7.50 after much discussion it was decided that considering the deprivations that are made on the highway - it would be better to place the brass tablet on the tree and later a handsome bronze tablet could be placed either in the church or Town Hall

Mr. Coit thought perhaps the town fathers might like to join us in giving money for this. He will bring this up at the next town meeting.

The annual dues were paid and five new names were added to our list - Mr. Skinner Jr and Mrs. Carl Kimball and their two sons Austin & Robert

The meeting then adjourned.

by the Secretary

Committee

Dear Sir

At a meeting of the Greenwich Improvement Society held recently at Wm. A meeting of the Greenwich Improvement Society was held at the Stones Sept 24 nine members being present.

After the reading of the Secre-  
tary's report the subject of the  
church sheds was again taken up.  
As nothing had been heard in  
answer to the letter sent to  
Mr Carrick chairman of the  
Parish Com. the matter was laid  
on the table for the present.

Mr T. as chairman of  
the committee to look into the  
question of repairing the sidewalks  
reported that he had  
inspected carefully the walks and  
found that several places would  
need to be practically made over  
while some could be patched so  
they would last for some years

It was voted that the Society undertake this work making if possible a community thing of it and asking the men of the village to lend a helping hand - Mr.

Foley was asked to be on the committee with Mr. Case & Mr. Wheeler as he is a resident here it was thought he would be better able to see & talk with Mr. Closson who is a cement expert and perhaps he would be willing to superintend the work

The names of several men were suggested as workers and we hope in this way to interest them all to do their bit

The possibility of a luncheon in the town hall at noon for the workers given by the ladies may be an incentive to the men

Mr. Stone reported that he had

given Mr. Worcester \$2.50 for  
work on trees - It was voted  
that Mr. Stone be reimbursed  
for this amount from the Treas-  
ury

The Secretary was asked to send

that all members of said com-  
mittee might see it

of fourth of July Committee  
at a meeting of the Greenwich Im-  
provement Society held Sept 24
